

PRODUCT DATA SHEET

ALXCEL LOOPING BLADE

Mexco Looping blades are specifically designed to produce pre-determined width slots in concrete or asphalt to insert detector loops. For use on floorsaws only.
Please ensure the floor saw being used or hired has suitable power to drive these blades due to their extra segment width and weight. Please speak to one of our sales representatives for further details or email us at, sales@mexco.co.uk

KEY FEATURES

- Available In 6mm, 8mm, 10mm And 12mm Widths
- Heavy Duty Steel Centre
